PROFESSIONAL SUMMARY

Results-driven Digital Operations Lead and Software Engineering Candidate with 2+ years of experience in web administration, IT systems support, and digital infrastructure. Proven track record of driving KES 1.3 million in sales growth and deploying automated multi-branch loyalty systems. Skilled in PHP, SQL, C#, and enterprise data architecture. Passionate about leveraging technology to build scalable software solutions that bridge the gap between operational efficiency and seamless user experiences.

TECHNICAL SKILLS

- **Web Development & Architecture:** HTML5, CSS3, JavaScript, E-commerce Scaling, UI/UX Optimization, Mobile-First Design.
- **Digital Marketing & Strategy:** Cross-Platform Campaign Scaling, Audience Analytics (KPIs), Brand Voice, Graphic Design (Canva).
- **ICT Infrastructure:** Enterprise Network Administration, Hardware Diagnostics, Secure Environment Deployment, Systems Troubleshooting.
- **Customer Experience:** Technical Translation for End-Users, Omnichannel Helpdesk Support, Empathetic Conflict Resolution.

PROFESSIONAL EXPERIENCE

Powerstar Supermarkets | Nairobi, Kenya *Website Manager & Developer* | Nov 2025 – Present

- **Digital Modernization:** Spearheaded the complete refactoring of a legacy e-commerce platform, delivering a faster, highly scalable architecture and significantly improving the mobile user experience.
- **Operational Workflow:** Architected secure data tracking systems and streamlined backend operational workflows, ensuring seamless, zero-interruption live customer transactions.
- **System Reliability:** Maintained high website uptime for thousands of daily active users, balancing aggressive technical upgrades with strict operational stability.
- **Revenue & Systems Optimization:** Designed and deployed automated multi-branch loyalty systems, directly contributing to a documented KES 1.3 million in sales growth by streamlining customer retention workflows.

Powerstar Supermarkets | Nairobi, Kenya *Social Media Manager* | Apr 2025 – Present

- **Community Scaling:** Cultivated a corporate digital community from the ground up, scaling to over 30,000 highly engaged followers across multiple social platforms.
- **Data-Driven Strategy:** Blended compelling graphic design with rigorous audience analytics to curate targeted content calendars that directly resonated with local consumer demographics.

- **Revenue Impact:** Consistently navigated shifting platform algorithms to maximize ROI, directly translating digital engagement metrics into tangible retail foot traffic and sales conversions.

Jaramogi Oginga Odinga University of Science and Technology (JOOUST) | Siaya Campus
ICT Laboratory Technician (Attaché) | Sep 2023 – Dec 2023

- **Enterprise Uptime:** Maintained mission-critical computer lab networking and hardware infrastructure, guaranteeing zero downtime during high-pressure academic and examination periods.
- **Technical Support:** Provided rapid-response technical assistance to faculty and students, efficiently resolving complex software, hardware, and network access issues.
- **Resource Management:** Optimized dense network traffic and performed preventative maintenance under strict institutional resource constraints.

EDUCATION

Bachelor of Science in Computer Science *University of the People* | USA | ***Expected Graduation: 2030*** **Honors:** Academic Scholarship | Relevant Coursework: Advanced Algorithms, Data Structures, Modern Software Architecture

Diploma in Information & Communication Technology *Siaya National Polytechnic* | Kenya | ***Graduated with Distinction.*** **Relevant Coursework:** Hardware Diagnostics, Local Area Network (LAN) Administration, Systems Troubleshooting
